

Release Reporting Advisory Committee, Risk Assessment Workgroup, December 4, 2007 Meeting

**Release Reporting Advisory Committee
Risk Assessment Workgroup
December 4, 2007 Meeting
1:00 pm**

Risk Assessment Workgroup Notes

Location: DEP, 79 Elm Street, Ensign Room, Hartford, CT

The following members participated in the meeting: Ken Hynes, Chris Moccia, Lori Saliby, Ron Wofford

Agenda Item 1 – Discussion of Reporting Quantities Based on Toxicity and Persistence

If reporting limit for petroleum were 5 gallon, how many spills would fall out of reporting annually? ~ 40-50%.

Agenda Item 2 – Discussion of Release Area Type and Impact on Whether to Report

- Proximity to storm drains
- Proximity to private wells
- Setback for underground storage tanks from wells
- What about threats to children and animals?
- What about containment vaults?
- What about concentration?
- What if biodegradable?
- Immediately – timely

Agenda Item 3 - Meeting Schedule

The Workgroup decided not to set up a meeting schedule until after the next Advisory Committee to be held on January 8, 2008.
